Atlanta modular switch with Marble Texture Plate

## COMPANY PROFILE

**Prescon Electricals** are amongst the leading manufacturers of Electrical Accessories. The fine combination between men, machines, production techniques and materials allow us to deliver quality electrical products in the form of polycarbonate **modular switches, ceiling accessories, MCBs and DBs, cable clips and modular boxes.**

Our depth experience of the processes involved helps us to offer international quality switches and other range of products at reasonable Indian prices.

Further the competitive prices of our products has also helped us to gain firm standing in both the domestic and international markets.

We have with us a well developed infrastructure facilities that support us in meeting the prevailing and upcoming demands of the electrical market.

The use of modern technology based on machines also allow us to meet specific product requirements of clients with specified frame of time.

Our manufacturing facilities are certified by **CE, BIS IS : 3854/1293. ISO 9001 : 2015.**

Like all magnificent things, a masterpiece doesn't push you around. It lets you make up your own mind about what it means - and change it as often as you like.

Prescon has always been experimenting to tap into the indefinite nature of the convenience and utility and create innovative and aesthetically pleasing wiring products. Projecting sophistication with the strength of manufacturing and quality, it easily fills the best that translates into timeless wall pieces.

*"We the members of*

***Prescon Electricals
